

SEAFOX

Sea Fox Boats 2003

Outfox
the ordinary

Fishing. Family. Fun. *Sea Fox!*

What makes Sea Fox Boats among the most popular on the water today? Sea Fox owners will give you a variety of reasons. "Quality Construction". "Super Functional Designs". "A Superlative Warranty". Sea Fox also builds boats that allow owners to do more on the water. So when it comes to **Outfoxing the Ordinary**, Sea Fox gives you so much more for your recreational dollar.

A Better Warranty Built Right In

A reflection on craftsmanship techniques used as far back as the 1600s, Sea Fox Boats are made by a family owned company whose own Charleston roots date back nearly half a century. The Sea Fox value also translates into more outstanding standard features. Built to last, Sea Fox is one of the few boat lines that comes with a 10 year limited transferable hull warranty.

Quality, Craftsmanship & Value From Our Family To Yours

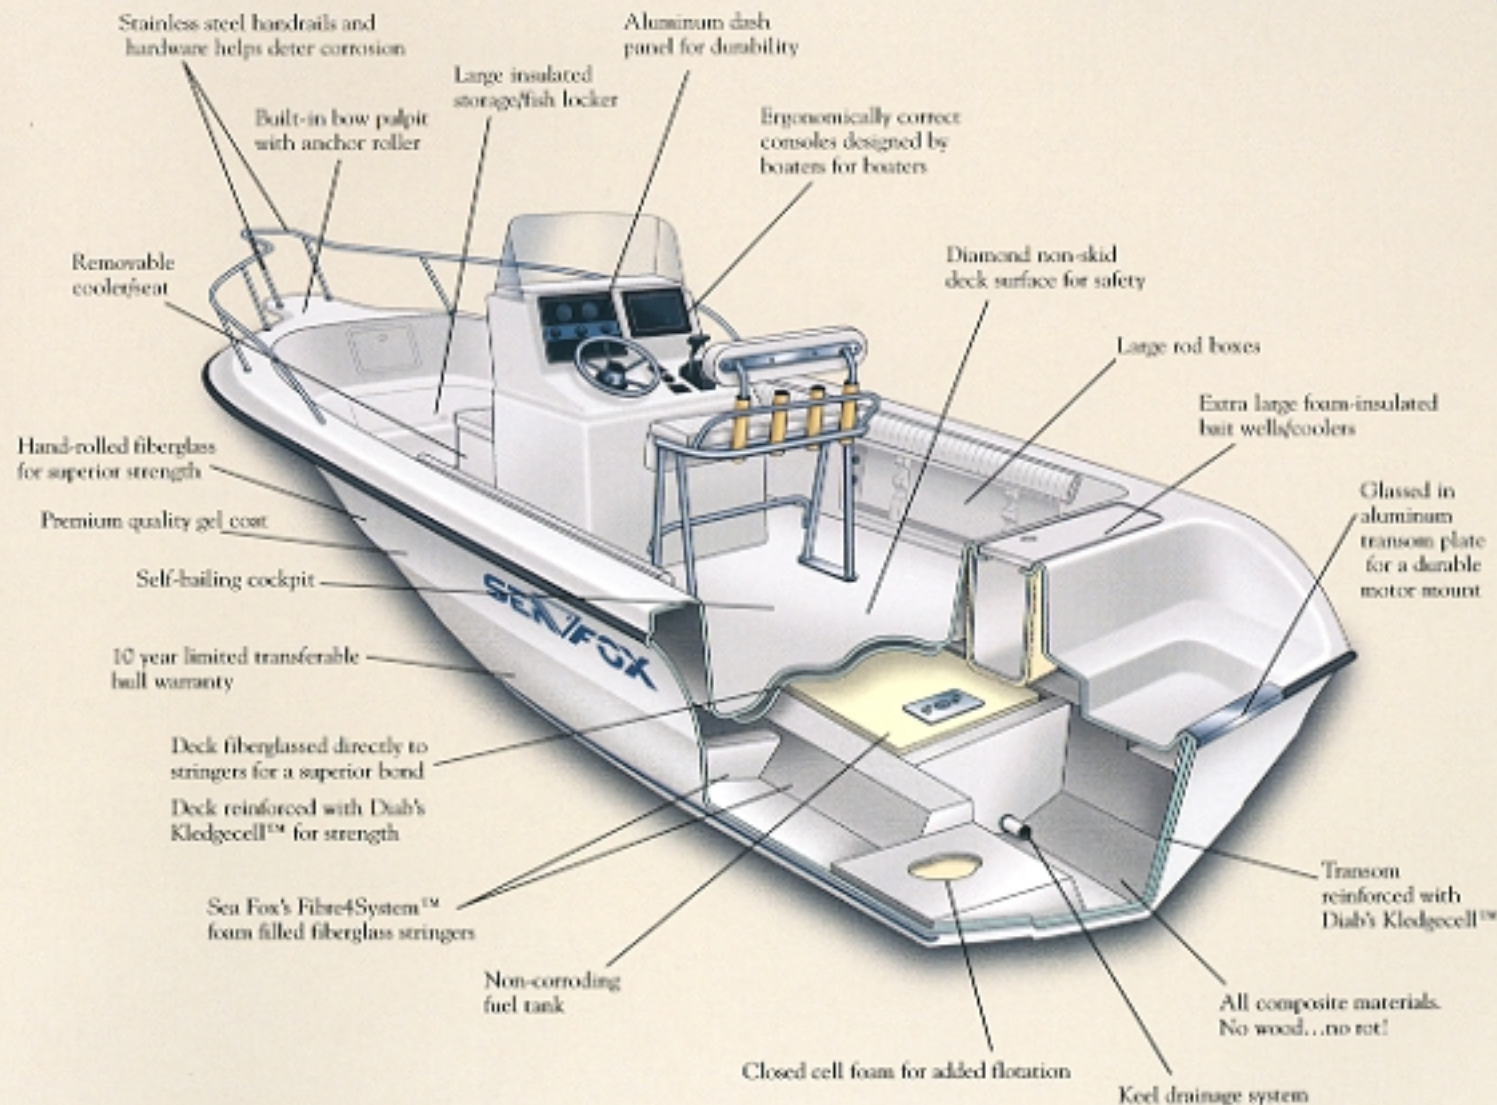

At Sea Fox Boat Company, we build boats tailored to your individual needs. Our boats are carefully crafted to give you an outstanding value at the best price possible. My family is proud of its long-standing boat-building heritage that dates back for nearly half a century. We design and build boats that give you all the features you need to spend quality time on the water with your family and friends. Whether you are fishing, cruising, skiing or just enjoying the great outdoors, Sea Fox offers you a boat to get you there time and time again. Thank you for giving us the opportunity to share our heritage with you.

■ Fred Renken, President

As a child, I have fond memories of boating with my family. I can remember learning how to ski and fish. As a parent, I have seen the wonder in my child's eyes as we glide across Charleston Harbor. These are wonderful memories I wish I could share with everyone and in a way, I can. Sea Fox is committed to building a quality boat at a price most families can afford. We want to make boating affordable for as many families as possible so that they can start making memories of their own. That is why everything we do at Sea Fox is geared to offering you and your family more for less.

■ Ed Renken, Vice President

SEA FOX'S EXCLUSIVE FIBRE4SYSTEM™

Exclusive "FibreFour" all-fiberglass stringer system is built into every Sea Fox Boat, providing a wider, stronger stringer that will not rot! In addition to a stronger platform, decks are fiberglassed to stringers resulting in a superior bond between hull, stringers and deck.

- Among the finest manufacturing materials available, Sea Fox Boats are constructed using Kledgecell™, a composite material lighter and more durable than wood. It will not rot!
- An aluminum plate is glassed into place providing a backing plate for motor mounts.
- Composite materials provide strength in floors, consoles and hatch lids. No wood...no rot!

All Sea Fox Boats are backed by a 10 Year Limited Transferable Hull Warranty – One of the Best in the Industry!

Hull Color Choices

Facts That Keep Sea Fox Out Front!

- **FibreFour Stringer System** – fiberglass stringers are wider than wooden ones and will not rot when exposed to water.
- **Composite Transom with Aluminum Plate** – eliminates transom from rotting! Kledgecell™ will not disintegrate when exposed to water like wood plus the aluminum plate within the transom provides extra engine mount strength.
- **Hand-Rolled Fiberglass** means fewer air pockets plus a superior laminate.
- **Self-Bailing Cockpits** allow water to drain overboard.
- **Diamond Non-Skid Deck Surfaces** aid in safer deck surfaces.
- **Stainless Steel Hardware** eliminates the worry of saltwater corrosion.
- **Closed Cell Foam Flotation** – foam injected into key areas of the hull and deck provide superior flotation and insulation.
- **Family-Owned with Forty-Three Years Experience** – a proud heritage of experience that goes into each boat we build.
- **One of the Best Warranties in the Business** – every Sea Fox is backed by our Ten Year Limited Transferable Hull Warranty!

Outfox the Ordinary, Everyday

Whether it's fishing, skiing, scuba diving or simply cruising to your favorite waterfront restaurant, Sea Fox has one of the most diverse designs - and in a full line of choices for you and your family.

We invite you to check out the Sea Fox that's right for you.

From there, the fun is only limited to your imagination.

A Whole Lot of Fun for A Long Time To Come

The full line of Sea Fox boats are made by a family that has been crafting boats for over 50 years. They know that when it comes to boating, you don't cut corners on quality craftsmanship. Their confidence in this line of fine boats is matched by one of the best warranties in the industry. Built to last, Sea Fox is one of the few boat lines that comes with a 10 year limited transferable hull warranty.
