Sea Fox Top Ten 52

Twenty years ago, Sea Fox Boat Company, Inc. began with a clear governing philosophy at heart: to develop and build quality hand-crafted saltwater boats that are durable, dependable and affordable. While a whole lot has changed in the materials and the methods of building boats during the past two decades, Sea Fox remains committed with a passion and a purpose to perfecting the ability to offer our customers the finest boats for the fairest price.

Today Sea Fox has grown to become the nation's leading manufacturer of value-driven saltwater boats offering you a full line of diverse designs: center consoles, bay boats, walk arounds, side consoles and dual consoles. All are paired with a multitude of leading edge technology and innovative features that are unmatched in the industry. We share your love for moments spent on the water with friends and family, which is why every Sea Fox boat model offers a unique blend of fishing and family friendly options perfectly matched to your specific boating passion.

We stand behind our boats with one of the best warranties in the industry with our Lifetime Hull Warranty. Whether you enjoy inshore or offshore fishing, cruising or wake boarding, tubing or exploring by water, Sea Fox has the right boat model to exceed your expectations.

OVER TWENTY YEARS OF EXPERIENCE

FACILITIES

Located in Moncks Corner, South Carolina is our 140,000 square foot manufacturing facility which includes our own in-house metal fabrication shop, interior/uphostery shop and a three-axis router milling department.

RESEARCH & DEVELOPMENT

Sea Fox continuously strives to improve upon our existing designs, with real world testing and experimentation. All of our hulls are designed by a renowned Naval Architect and our plugs are then precision cut with a five-axis router. We continually make an effort to improve production while lowering costs by finding ways to implement the latest technologies and CAD design.

QUALITY CONTROL

Sea Fox has strict quality control check points through-out the build process, starting in lamination, hull and deck rigging, hull and deck capping and final inspection to ensure each boat meets both ABYC and Coast Guard requirements. Complete electrical, water and fuel pressure testing is done on every Sea Fox before leaving the factory.

STRINGERS

Each Sea Fox model has a completely sealed stringer system custom made for maximum strength and floatation. All stringers are professionally designed with CAD software and built with closed cell foam for a sealed system and added floatation.

FABRICATION

Sea Fox uses the best raw materials in the industry today with vinylester barrier coats applied on every hull and deck to ensure gelcoat longevity for a lifetime of use. All Sea Fox models are hand laid with a 36/10 ounce fiberglass in the hull for a solid feel and ride. Stringers are custom made for each boat offering a completely sealed foam stringer system for added strength and floatation. All decks are completely cored with a high density foam composite offering stronger properties than resin based bonding agents. Once the bonding agent cures the deck and hull are chemically bonded together for superior strength.

UPHOLSTERY

We use premium marine grade 30-ounce. vinyls on all of our models for strength and durability. Sea Fox beats the competition by exclusively offering Permaguard superior stain resistance on all of our vinyls. This provides unequalled resistance to scratches, scuffs, stains and abrasions for long term and trouble free performance. Our foams are some of the thickest in the industry, just take the "knee test" and simply lean your knee into the center of the cushion and then do the same to a competitors. You will be amazed at the Sea Fox difference!

Ultima Hard Top

Dare to compare our exclusive Sea Fox Ultima hard top to the competitors. Our styling and smooth lines are only the beginning of what our hard tops have to offer. All Ultima hard tops come standard with an upgraded Kicker stereo system and eight Kicker premium speakers, LED spreader lights forward and aft, climate cooling misting system and not one, but two electronics boxes with acrylic doors.

WALK-THROUGH TRANSOM

To make boarding much easier and safer, Sea Fox provides the walk-through transom standard on our 226 Commander and larger models. This feature can also be helpful with all watersports and even when fishing.

GELCOAT

Each model gets sprayed with a 20 milliliters thickness of premium isothalic gelcoat for a great and long lasting finish.

MOLD MAINTENANCE

To achieve an excellent finished product Sea Fox starts at the beginning. Every Sea Fox mold is inspected by a full time mold maintenance crew after each use; and then cleaned, prepped and waxed before being used again.

CAROLINA FLARE

The pronounced Carolina Flare and downward facing outside chine on all Sea Fox models provides a dry ride in all conditions, as it was designed to roll water down and away from the boat.

NO WOOD-NO ROT

Sea Fox constructs all of our boats 100% wood free for the longest life and integrity. This is one of the many reasons Sea Fox stands behind all of our boats with an unmatched Lifetime Hull Warranty. There is no better peace of mind when you are on the water.

**LIFETIME
HULL WARRANTY**

LIMITED LIFETIME STRUCTURAL HULL WARRANTY:

Sea Fox Boat Company, Inc. warrants to the original retail purchaser of this boat if purchased from an authorized Sea Fox dealer that the selling dealer or Sea Fox Boat Company, Inc. will repair or replace the fiberglass hull if it is found to be structurally defective in material or workmanship for as long as the original retail purchaser owns the boat. For purposes of this warranty, the hull is defined as the single fiberglass casting which rest on the water. This limited warranty is subject to all limitations and conditions explained below.

TEN-YEAR TRANSFERABLE LIMITED LIFETIME STRUCTURAL HULL WARRANTY:

In addition to the lifetime limited structural hull warranty, Sea Fox Boat Company, Inc. offers a one-time transferable ten-year structural hull warranty to a second owner only. The selling dealer or Sea Fox Boat Company, Inc. will repair or replace the fiberglass hull if it is found to be structurally defective in material or workmanship within the first ten years after date of delivery to the original retail purchaser. The remaining term of this one-time ten-year limited structural hull warranty may be transferred to a second owner if, within 60 days of purchase, the new owner registers the transfer with Sea Fox Boat Company, Inc. and pays the established warranty transfer fee. For more details regarding warranty transfer, contact Sea Fox Boat Company, Inc.'s customer service department.

FIVE-YEAR LIMITED HULL BLISTER WARRANTY:

Sea Fox Boat Company, Inc. warrants that the selling dealer or Sea Fox Boat Company, Inc. will repair any underwater gel coated surfaces of the hull against laminate blisters, which occur as a result of defects in material or workmanship within five years of the date of delivery, provided that the original factory gel coated surface has not been altered. Alteration would include, but is not limited to damage repair; excessive sanding, scraping, sandblasting; or from improper surface preparation for application of a

marine barrier coating or bottom paint, any of which shall void this warranty. A marine barrier coat must be properly applied to the hull bottom if boat is to be moored in water for periods in excess of 30 days or saltwater for periods in excess of seven days. Marine barrier coating is required if boat is to be bottom painted. Sea Fox Boat Company, Inc. shall repair or cause to be repaired any covered laminate blisters based on the following prorated schedule:

Less than two (2) years from original retail purchase date – 100%
Two (2) to three (3) years from original retail purchase date – 75%
Three (3) to four (4) years from original retail purchase date – 50%
Four (4) to five (5) years from original retail purchase date – 25%

Reimbursement shall be limited to one repair, not to exceed \$80 per foot of boat length prior to prorating. Sea Fox Boat Company Inc.'s prior authorization for the method and costs of repair must be obtained before repairs are commenced.

LIMITED GENERAL WARRANTY:

In addition to the above hull warranties, Sea Fox Boat Company, Inc. warrants to the original purchaser of this boat, if purchased from an authorized Sea Fox dealer, that Sea Fox Boat Company, Inc. will repair or replace any parts found to be defective in materials or workmanship for a period of one (1) year from the date of delivery, subject to all limitations and conditions contained herein.

LIMITED EXTERIOR FINISH WARRANTY:

Sea Fox Boat Company, Inc. warrants that the selling dealer or Sea Fox Boat Company, Inc. will repair cosmetic defects in the exterior gel coat finish including cracks or crazing reported to Sea Fox Boat Company, Inc. within 90 days from the date of delivery to the original retail purchaser, subject to all limitations and conditions contained herein. All warranty work is to be performed at a Sea Fox dealership or other location authorized by Sea Fox Boat Company, Inc. after it is established to Sea Fox Boat Company Inc.'s satisfaction that there is a defect in material or workmanship.

Performance you can count on.

YAMAHA

Commander Center Consoles

Keeping the family value in mind, Sea Fox Commander center consoles are intelligently designed by anglers for anglers. With comfortable and accommodating bow seating forward of the console we have designed this area to be ideal for family cruising and entertaining.

The smart design consoles boast automotive style ergonomics paying close attention to every detail, even our smallest models are certain to exceed every captain's expectations. Fish boxes are conveniently mounted in the floor for easy access (where they should be). The rear of each cockpit can comfortably seat adults whether it be with flip-down jump seats or a rear folding bench seat to maximize fishing space.

The Sea Fox Commander line offers all of the amenities you would expect from a professional fishing vessel and then we pair each model generously with family friendly comforts. Every model has at least one conveniently located live well that will hold more than enough baitfish for a full day of fishing.

Sea Fox does not guarantee or warranty colors or shades to match the representation here. Please visit a Sea Fox Authorized Dealer for actual color samples.

All Sea Fox models are exclusively Yamaha power matched.

Fish. Ski. Fun. Repeat...

TEN REASONS TO

1. All of our boat's are designed with the Sea Fox signature philosophy of family friendly in the bow and fisherman friendly in the cockpit.
2. All-composite construction for lifetime structural hull warranty - best in the industry.
3. All of our boats are outfitted with 316 stainless steel thru-hulls and hardware including standard pull-up cleats with backing plates on all models.
4. Sea Fox controls cost with in-house aluminum, upholstery and milling shops. This allows for competitive pricing and use of the best raw materials in our class.
5. Complete waterproof sealed Deutsch electrical system throughout each of our boats - best in the industry.

CHOOSE A SEA FOX

- 
- A photograph of a Sea Fox boat on the water at sunset. Two people are visible on the boat, one standing and one sitting. The boat is a small, white, open-hulled vessel with a black outboard motor. The sky is a mix of orange, yellow, and blue, with some clouds. The water is dark with some whitecaps.
6. All Sea Fox boats are designed by a world-renowned naval architect using the latest computer technology for impeccable performance and hydrostatics.
 7. Dry, smooth ride with a large Carolina flair designed into all Sea Fox hulls.
 8. Safety first on all Sea Fox boats with foam-filled stringers and dual 1100 GPH bilge pumps.
 9. Sea Fox exclusively packages and is power matched with Yamaha outboard motors. (three-year warranty on all Yamaha components).
 10. Sea Fox is privately owned by fisherman with families for the last 20 years.
